

was incorporated 1987
as a family business in carpentry trade.

BIG ON CAPABILITY ON RELIABILITY

Founded in 1987 as a family-run, carpentry trade business, Sunray Woodcraft Construction Pte Ltd has since grown to become the leading Interior Fit-out, Addition and Alteration works specialist in Singapore and Asia.

Sunray's diverse business portfolio includes commercial offices, healthcare, heritage buildings, hotels, institutions, MRT stations, restaurants, retail, theatres and shopping malls.

Over the years, Sunray has diversified its business with the set-up of SWC Builders & Engineering to complement its existing range of interior solutions, providing a one-stop service to its customers.

As an A1 main contractor, Sunray lays the foundation for its success on building a strong team of talented professionals, capable resources and a large network of trusted partners for the delivery of superior work and performance compliant to industry standards, without compromising in quality and safety.
